My Social Story
Highland Park Public Library
This is my library.

It is a building with

books  movies and  music.
I use quiet mouth, quiet hands and quiet feet when I visit.

I can see librarians at the desk. They can help me find what I want.
I can look for movies.

I can play on the computers or draw a picture.
I can look for books in many places.

I can relax on the chairs or sofa.
I can play at the library, too.

I can share puzzles, puppets and blocks.
I can check out books, movies and music by myself or with help.

I can return books, movies and music here.
I can leave the library through the front door...

or the back door.

Thank you for visiting the Highland Park Public Library. See you again soon.
